Atrium®

Feature-rich, stress-free technology for any library

Atrium, our 100% web-based Integrated Library System, is built on a foundation of over 30 years experience in library technology and feedback from thousands of customers.

Atrium's Core Product includes the following:

- Cataloging, circulation, inventory, patron management, custom reports, and web-accessible OPAC
- Z39.50 Quick Cataloging for downloading free MARC records from LOC and other libraries
- Captivating custom OPAC interfaces with over 100 themes, plus interactive KidZviZ themes with genrefication
- Self-service OPAC options with patron-managed renewals, reserves, watch lists, and email/text message notifications
- Automated Patron Import features for importing data from Student Information Systems, using a tab-delimited or CSV file, or School Interoperability Framework (SIF)
- Integration of eBook and digital content, social media, and online payment of fines/fees
- Mobile Apps for patrons and library staff
- Industry standard SIP2, NCIP, Z39.50 protocols, and support for LDAP and Google Single Sign-On (SSO) at no additional cost

Information at Your Fingertips

Whether your patrons are searching the library catalog or library staff members are performing administrative tasks, access to Atrium is fast and easy from any computer or mobile device with internet connectivity. Atrium brings your library resources right to your fingertips.

Library Automation for Today!

Utilizing the latest technology and customer driven features with the best support in the industry.

Atrium sets the standard with core library functions and great features for managing your collection, as well as giving your patrons access to the resources they need. Below are just a few highlights that Atrium has to offer.

Digital Content

eBooks & Audiobooks

Integrated eBook and Audiobook search options for Overdrive®, Axis 360™, Bibliotheca®, hoopla®, and many other digital content providers are included with Atrium at no additional cost.

Reporting Capability

Powerful & Customizable

Atrium enhances your reporting capabilities in as many ways as you can imagine:

- Easily generate out-of-the-box dynamic reports
- Customize reports by adding, removing, or rearranging columns and/or applying sorts
- Filter reports for specific data
- Create and save report templates for periodic or frequent use
- Schedule automated report generation and email or FTP delivery for any standard or saved report template
- Export report data for use in other programs

Quick Cataloging

Instantly Search & Retrieve USMARC Records

Catalog with speed and efficiency with Atrium's built-in Z39.50 client. Get instant access to over **20 million** free USMARC records from the Library of Congress and other Z39.50 server databases.

Seamless Integration

Via SIP2, NCIP, and Z39.50 Protocols

Unlike other ILS vendors, Atrium includes and supports the industry standard SIP2, NCIP, and Z39.50 protocols at no additional cost. These provide the ability for Atrium to easily communicate with any RFID, Self-Check, Time/Print Management, or InterLibrary Loan (ILL) systems that require any of these standards.

OPAC

Customizable Interface

Captivate your audience with our customizable OPAC interfaces. Choose from over 100 pre-designed themes, with numerous layouts and widgets, for your OPAC home page. Enable your patrons to log in to their account to create and access bookbags, watchlists, place reserves, renew items, rate/review items, and check their account status.

KidZviZ™

KidZviZ is the ideal Pre-K through 3rd grade library explorer's toolbox. We consulted with teachers, librarians, curriculum coordinators, and kids to provide all young readers with an attention-grabbing, age-appropriate searching mechanism that is like none you've ever seen!

Promoting the People, Places, and Things visual search index, our cartoon character (named Vizzie) takes kids on an adventure, exploring your library catalog.

Electronic Notifications

Keep Everyone Informed

Atrium gives you the tools to effectively communicate with your patrons. Easily announce recent library acquisitions, "What's Hot," or library events. Automatically send email or text notifications for items out/overdue items, reserves "ready for pick up," personalized watch lists, and more. OPAC Widgets allow for promotion of events/activities, "What's Hot," "What's Coming," and "What's New," etc.

Single Sign-On (SSO)

LDAP and Google SSO Support

Atrium supports both LDAP and Google SSO; included at no additional cost. This provides the ability for patrons to log in to the OPAC using LDAP and Google SSO credentials without having to enter a separate username/barcode and password. Library workers will also be able to easily log in to the administrative side of Atrium using LDAP authentication.

Library Kiosks / Lockers Support

Patron Self-Service Holds Pickup

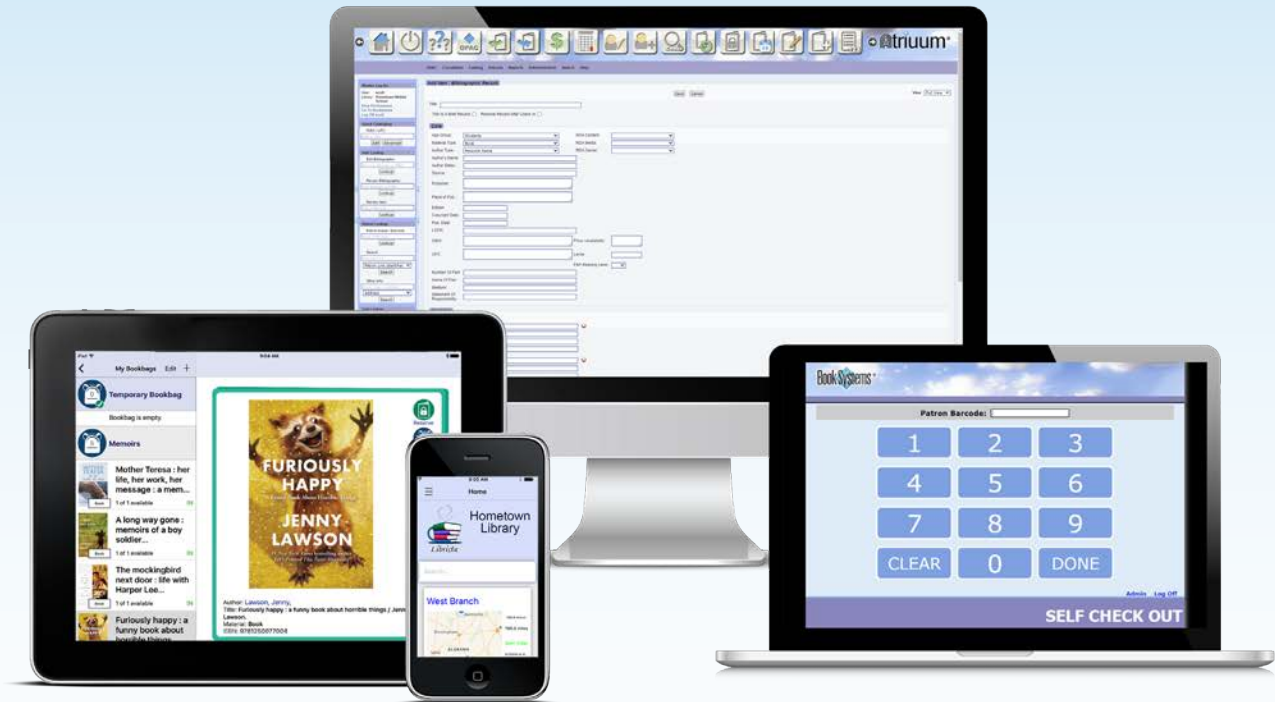

Atrium now supports self-service kiosk/locker systems, classroom, curbside, and custom pickup locations. Your patrons can put items on hold or reserve and designate a pickup location defined by the library. The notification "available for pick up" frequency can be set per location to allow additional lead time where item delivery is less frequent.

Ask your Book Systems' Sales Representative for details.

EXPLORE OUR INTERFACES

Access to Your Library System from any Computer or Mobile Device

Atrium works with every screen in your library, including staff computers, self-check stations, and mobile devices.

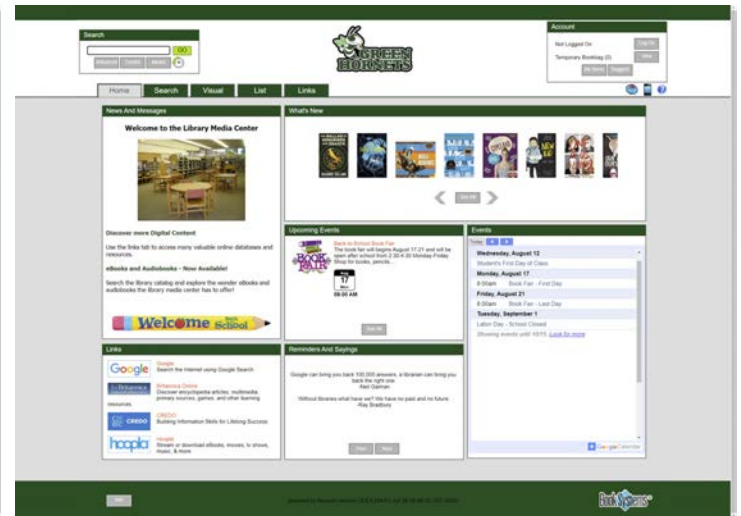

CUSTOMIZABLE OPAC THEMES

Artistic Themes Allow You to Cater to Varied Audiences

Innovative options allow you to create a unique search interface and messaging platform for your library patrons. Choose from over 100 different themes plus nine delivered layouts, or create a custom layout with as many interactive widgets as you need for your OPAC home page.

Spirit Week Theme
Inspirational type theme showcasing a 5 widget layout.

Forest Theme
Modern type theme showcasing a 6 widget layout.

KIDZVIZ SEARCH NAVIGATION

Kids' OPAC Interface for Your Library

The KidZviZ OPAC interface for Atrium creates a world that kids can explore, navigate, and search using reading skills over a wide range. KidZviZ is the ideal Pre-K through 3rd grade library explorer's toolbox.

USING COMMON SENSE CATEGORIES

A New Approach to Library Organization

KidZviZ now supports a Common Sense Categories (CSC) system designed for young students to search and quickly locate items in the library.

Ten Unique KidZviZ Themes:

- Circus
- Fairy Tale
- Fall KidZviZ
- Halloween KidZviZ
- KidZviZ Default
- Noah's Ark
- Patriotic
- Spring KidZviZ
- Summer KidZviZ
- Winter KidZviZ

Mobile Apps

Access to Your Library On the GO

BSI Pay

Process electronic payments for patron fines/fees using a mobile device and effortlessly sync them with Atrium. Works with PayPal and Square card readers.

Librista

Provides powerful, portable, and productive searching of your library's online Catalog, eBooks, and Community posts. It also supports patron account management.

Librista CheckIt

Gives your patrons a self-checkout option for borrowing items using their mobile device. Promotes social distancing and limits contact.

Atrium Mobile Interface (AMI)

Designed for library staff to perform circulation transactions via a mobile device.

Atrium Inventory Resource

Allows library staff to scan or enter library barcodes into an existing inventory session for marking items seen.

Download Now!

Hosting Options

Atrium self-hosted is an on-premise solution designed for customers who prefer to have Atrium installed and running on their internal network and server. BSI technicians remotely perform scheduled software updates. However, remote access to Atrium, server updates, and backups are managed and maintained by your internal IT department.

Our Express Software-as-a-Service (SaaS) is a subscription-based hosting service that provides an affordable hosting option. Make your library's technology work effortlessly at a competitive price.

Backup Service

Security and Peace of Mind for Self-Hosted Customers

Protect your library's database from natural disasters, ransomware, and other unforeseen technical crises by subscribing to our Remote Backup Service (RBS). Your library's data will be automatically backed up and stored off site on a daily basis.

Subscribe and use Book Systems' RBS to recover your Self-Hosted Atrium or Booktracks database should a disaster occur.

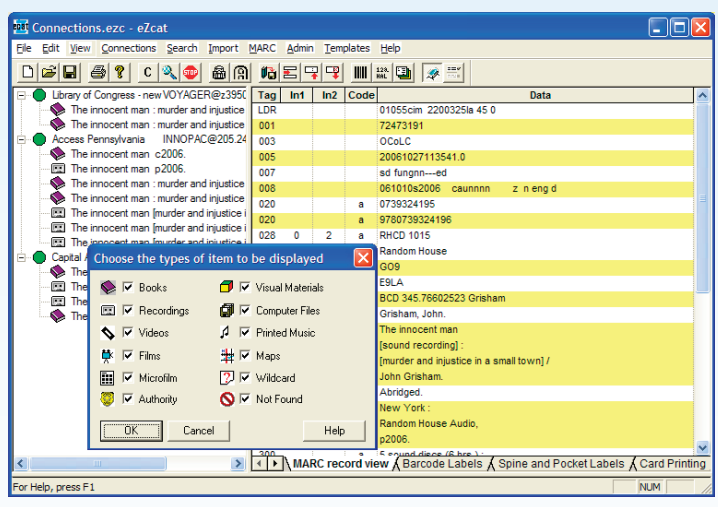

eZcat is a feisty cataloging tool - that really hits the MARC!

No more per-record fees. No more out-of-date CDs.
No more online subscriptions.

Internet access allows eZcat to help you take advantage of Z39.50 technology by obtaining free USMARC 21 records. Search multiple library databases simultaneously (Library of Congress and over 500 other publicly listed libraries) and retrieve cataloging data for all your library materials.

Additional features of eZcat include:

- Download one or many records instantly!
- Search for MARC records in batch.
- Use with other library automation systems that import USMARC 21 records.
- Add Study Program and/or local holding information before export.

eZcat Pro supports all the features of eZcat, plus powerful printing and editing features.

- **Import MARC record files** – review MARC record files you receive from book vendors before you import them into your automation system.
- **Edit MARC records** - create new fields, add or remove fields and sub-fields, accept or change sub-codes and tags, configure local holdings, apply templates, and more.
- **Print labels and cards** – print barcodes, catalog cards, spine and pocket labels, and Study Program labels.
- **Batch operations** - perform global edits and/or validation on your USMARC 21 records.

“Our switch to Atrium has been amazing! It has been the easiest year this year for me for cataloging, etc. due to the program switch.”

Julianna Morrell, Library Media Specialist
Bentworth High School
Bentleyville, PA

Accountability for your most valuable assets

In today's world, keeping track of mobile devices, eReaders, tablets, laptops, textbooks, and other costly assets is critical to controlling your budget. With Booktracks, you get an easy-to-use yet powerful 100% web-based program with asset AND textbook tracking capabilities that will save you time and a significant amount of dollars.

Booktracks meets the challenge of overseeing all of your assets by readily providing you the tools and necessary information, so you'll know exactly what you have, where it is located, and who's responsible for it. Whether you are an administrator, an IT professional, or a building level manager, Booktracks makes managing your assets easy and efficient, and keeps everyone accountable.

Booktracks can be adapted to meet the needs of any size district or institution.

Use Booktracks to easily track:

- 1:1 Devices
- Fixed Assets
- Hardware
- Textbooks

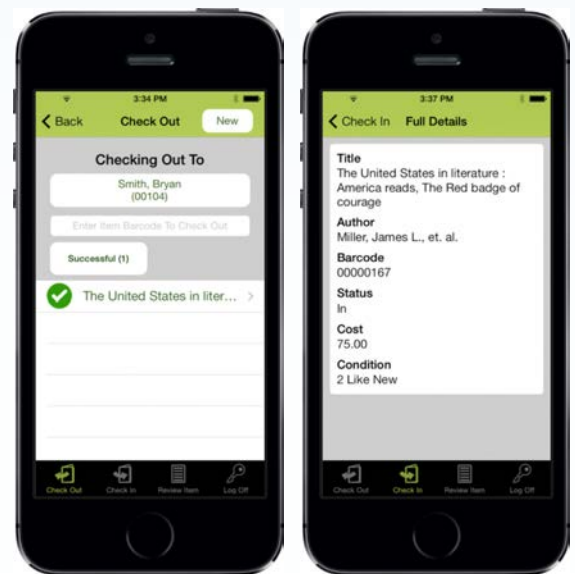

Booktracks Mobile App

Track Your Assets On the GO

Mobile Asset Tracker (MAT)

MAT provides administrators, teachers, and other authorized staff the ability to perform the distribution of items from anywhere. Quickly check textbooks or assets in or out from a classroom or central location using your mobile device, and see patron or item statuses.

"Booktracks is an incredible tool for managing and tracking our most valuable assets. It has served a critical role in the success of Huntsville City School's move to a digital 1:1 initiative."

Bryan Hutton, Booktracks Administrator
Huntsville City Schools
Huntsville, AL

Manage Your Assets with Ease and Efficiency

FOR ADMINISTRATORS

With Booktracks, administrators can gain instant access and knowledge regarding all of their assets across the entire district.

Course Data by Site

Based upon student enrollment, administrators can view course information for a school building, a group of schools, or all schools at once. Help ensure that students have the required assets and textbooks needed for their classes.

Entity Responsible

Administrators have the flexibility to create added levels of accountability that provides additional means for tracking.

Forecast Expenditures

Expense reports in Booktracks allow business administrators to make critical financial decisions for budgeting and forecasting expenditures.

Inter-School Building Loan

Streamline the transfer of equipment and/or textbooks from a central distribution center to individual locations or transfer items between buildings.

FOR IT PROFESSIONALS

Reliable Technology

Using cloud-based technology and a powerful back end SQL database, Booktracks provides robust performance and secure access from any computer or mobile device using a browser. No java client application or other client software is required, thus reducing IT resources.

Warranty & Condition Tracking

Robust reporting and tracking provides IT professionals instant access to equipment condition, warranty expiration, and items that are in need of repair.

FOR BUILDING LEVEL STAFF

Distribution & Collection

Booktracks offers a variety of methods and features that simplify the distribution and collection process of your equipment and/or textbooks.

Electronic Notifications

Increase collection of fines/fees for lost or damaged items using built-in form letters that can be customized and printed, or emailed, reducing your expenses.

Inventory Management

Booktracks supports the ability to run multiple inventories concurrently, streamlining your physical inventory process. Perform inventory using a supported scanner from any computer, laptop, or mobile device.

HOSTING SOLUTIONS

Our Booktracks ASP hosted service delivers stress-free, cloud computing technology, reduces IT costs, and provides worry-free maintenance.

- Eliminates the need for a dedicated server
- Includes unlimited storage/user access
- Provides secure 24/7 access to your Booktracks system
- Includes automated backup services
- Is accessible from any supported browser or mobile device

Reading Program Enhancement Services (MEND)*

Maximize Your Reading Program Investment

Book Systems offers an invaluable MARC enhancement service called MEND* that adds complete Accelerated Reader, Reading Counts, or Lexile reading program information to your bibliographic records.

Make it easier for school aged patrons to find books in your collection matching their reading levels.

*MEND - MARC ENhanced Data services

SURFit

Dynamic Federated Searching Tool

A powerful Federated Search option for Atrium that allows patrons to simultaneously search the library collection in addition to content from free and paid online databases such as Britannica®, EBSCOhost®, Google Books, Gale, ProQuest®, World Book, and more.

- Provides patrons the confidence to conduct self-directed searches
- Increases usage of your OPAC and subscription databases
- Organizes searched results quickly and easily

"We've had Atrium since 2010. Our conversion process from InfoCentre was flawless and Book Systems' support has been terrific. They're always there to help."

Wendy Stephens, Librarian
Buckhorn High School
New Market, AL

Barcode Scanners

Barcode readers are a necessary part of your automated library system and will increase speed and accuracy when circulating and performing inventory. We offer both stationary and cordless scanners with USB connection for computers and bluetooth scanners for use with mobile devices.

Project Management

Going Beyond to Ensure Your Success

Our customers are assigned a Project Manager (PM) who will be dedicated to your implementation. Your PM will work closely with you and your staff, guiding you through our step-by-step deployment process.

Once the data has been converted, reviewed, necessary changes made, and then approved by you, our deployment team springs into action. A certified BSI technician remotely manages your installation, making your system “live” and preparing the way for your training session.

Rest assured that your PM and our friendly support team are always available to assist you during and after your system deployment.

Implementation

A Commitment to Your Success

At Book Systems, our dedication to customers goes well beyond the software. We’re committed to providing complete solutions and that starts with a successful implementation.

A Book Systems implementation consists of a three-step approach:

1. Data Services
2. System Deployment
3. Training

Once the data is ready and your system is deployed, a certified BSI trainer will spend time with you and your staff, covering all the basic functions of the system and making sure you and your patrons are ready to hit the ground running. At Book Systems, we are committed to making your experience with our systems and people a positive one!

Data Services

You Can Trust Our Expertise

When it comes to your data, we understand the importance of maintaining its integrity. With over 30 years of experience, you can trust our expertise when handling the migration of your patron and library records to Atrium.

Book Systems offers a variety of data services including:

- Electronic transfers from an existing ILS
- Authority services
- Brief to Full MARC enhancement services
- Full retrospective conversions

Our Mission is Your Success

Our mission and dedication to our customers go well beyond the software. We’re committed to providing complete solutions, and that starts with a successful implementation.

Training

Our #1 Goal is Ensuring Your Success

We offer a variety of training options to meet your needs. Our trainers are degreed librarians who are former customers that used Atrium to manage their libraries. They provide innovative learning content that helps you work effectively and teaches you how to take advantage of Atrium's functionality for the most efficient results.

In-House Training

Book Systems offers In-House training at our headquarters in Huntsville, Alabama. These two day sessions provide hands-on participation to all attendees.

On-Site Training

A BSI certified trainer will visit your library so you and your staff can learn to use our products within a familiar environment.

Online Training

Our online sessions are designed to deliver real-time, affordable training that can be focused on specific tasks such as inventory, custom reports, etc. Set up multiple training sessions at your convenience.

Refresher Training

Our focused follow-up training provides uniquely designed sessions to boost your staff's knowledge. Participants can acquire detailed information about product features or learn about the latest updates.

Customer Support Beyond Compare

Unparalleled Customer Support

We take great pride in our commitment to provide exemplary customer support. Our knowledgeable technicians are well trained to answer your questions and provide comprehensive solutions in a friendly and courteous manner, with southern hospitality, all from Huntsville, AL. When you call, you'll always be greeted by a live person -- real people on our customer support help desk are there to assist so that you have a satisfactory response every single time.

Our goal is to serve our customers and maintain our reputation for an unparalleled customer support experience.

Phone Support

Available Monday through Friday
7 AM – 7 PM Central Time
(888) 289-1216 (Toll Free)
(256) 533-9746

Remote Support

With your permission, our technician securely accesses your system to assist with resolving issues. Service available Monday-Friday, 7 AM – 5 PM Central Time.

Call Queue

Customers can opt to have a case created and be placed into a call queue until a technician becomes available. Our typical hold time is less than 5 minutes.

Live Chat

Maximize your time by multi-tasking while chatting online with our team. Service available Monday-Friday, 7 AM – 5 PM Central Time.

2-Hour Call Back

If all technicians are busy assisting others, a case will be created and a technician will contact you within 2 hours.

Free Updates / Enhancements

Customers with an active support contract receive free product updates and enhancements as they become available.

Email Support

Email your questions or issues to support@booksys.com and a technician will respond within 24 hours.
