2 Booktracks

Accountability for your most valuable assets

In today's world, keeping track of mobile devices, eReaders, tablets, laptops, textbooks, and other costly assets is critical to controlling your budget. With Booktracks, you get an easy-to-use yet powerful 100% Web-based program with asset AND textbook tracking capabilities that will save you time and a significant amount of dollars.

Booktracks meets the challenge of overseeing all of your assets by readily providing you the tools and necessary information, so you'll know exactly what you have, where it is located, and who's responsible for it. Whether you are an administrator, an IT professional, or a building level manager, Booktracks makes managing your assets easy and efficient, and keeps everyone accountable.

Booktracks can be adapted to meet the needs of any size district or institution.

Use Booktracks to easily track:

- Mobile Devices
- Fixed Assets
- Hardware
- Textbooks

Booktracks Mobile App

Track Your Assets On the GO

Mobile Asset Tracker (MAT)

This app allows authorized users to perform circulation transactions via a mobile device. Additionally, they can look up the status of patrons and assets.

"Booktracks is an incredible tool for managing and tracking our most valuable assets. It has served a critical role in the success of Huntsville City School's move to a digital 1:1 initiative."

Bryan Hutton, Booktracks Administrator

Manage Your Assets with Ease and Efficiency

FOR ADMINISTRATORS

With Booktracks, administrators can gain instant access and knowledge regarding all of their assets across the entire district.

Course Data by Site

Based upon student enrollment, administrators can view course information for a school building, a group of schools, or all schools at once to ensure that each student has the required assets and textbooks needed for their classes.

Entity Responsible

Administrators have the flexibility to create added levels of accountability that provides additional means for tracking.

Forecast Expenditures

Expense reports in Booktracks allow business administrators to make critical financial decisions for budgeting and forecasting expenditures.

Inter-School Building Loan

Streamlines the transfer of equipment and/or textbooks from a central distribution center to individual locations or transfer of items between buildings.

FOR IT PROFESSIONALS

Reliable Technology

Using “cloud-based” technology and a powerful backend SQL database, Booktracks provides robust performance and secure access from any computer or mobile device, using a browser. No java client application or other client software is required, thus reducing IT resources.

Warranty & Condition Tracking

Robust reporting and tracking provides IT Professionals instant access to equipment condition, warranty expiration, and items that are in need of repair.

FOR BUILDING LEVEL STAFF

Distribution & Collection

Booktracks offers a variety of methods and features that simplify the distribution and collection process of your equipment and/or textbooks.

Electronic Notifications

Increase collection of fines/fees for lost or damaged items using built-in form letters that can be customized and printed or emailed, reducing your expenses.

Inventory Management

Supports the ability to run multiple inventories concurrently, streamlining your physical inventory process. Perform inventory using a supported scanner from any computer, laptop, or mobile device.

HOSTING SOLUTIONS

Our Booktracks ASP hosted service delivers stress-free “cloud computing” technology, reduces IT costs, and provides “worry free” maintenance.

- Eliminates the need for a dedicated server
- Includes unlimited storage / user access
- Provides secure 24/7 access to your Booktracks system
- Includes automated backup services
- Accessible from any supported browser or mobile device

Project Management

Going Beyond to Ensure Your Success

Our customers are assigned a Project Manager (PM) that will be dedicated to your implementation. Your Project Manager will work closely with you and your staff, guiding you through our step-by-step deployment process.

Once the data has been converted, reviewed, necessary changes made, and then approved by you, our deployment team springs into action. A certified Book Systems Technician remotely manages your installation, making your system “live” and preparing the way for your training session.

Rest assured that your PM and our friendly support team are always available to assist you during and after your system deployment.

Implementation

A Commitment to Your Success

At Book Systems, our dedication to customers goes well beyond the software. We’re committed to providing complete solutions and that starts with a successful implementation.

A Book Systems implementation consists of a three-step approach:

1. Data Services
2. System Deployment
3. Training

Once the data is ready and your system is deployed, a Certified Trainer will spend time with you and your staff, covering all the basic functions of the system and making sure you and your patrons are ready to hit the ground running.

At Book Systems we’re committed to making your experience with our systems and people a positive one!

Data Services

You Can Trust Our Expertise

When it comes to your data, we understand the importance of maintaining its integrity. With over 25 years of experience, you can trust our expertise when handling your critical records and can be assured that they will be protected. Book Systems offers data services of electronic transfers from existing systems or asset barcoding and cataloging services.

“In the chain of command – with Booktracks we hold everyone accountable – from the school building, the teacher and the student. Accountability is so important.”

Nancy Lovekamp
