Allen Independent School District, Texas Implements Atrium in their 19 libraries.

Book Systems, Inc. is successfully implementing its Atrium Library Automation System, a 100% Web-based library automation solution, in the 19 school library media centers at the Allen Independent School District.

Atrium offers the librarian many OPAC themes, several are ideal for the Pre-K through 3rd grade library user. Book Systems consulted with teachers, librarians, curriculum coordinators, and kids to provide young readers with an attention-grabbing, age-appropriate searching mechanism. Atrium is easily accessible and provides patrons with various and unique options for searching library resources. It is a powerful asset in the quest for comprehensive, reliable, and easy-to-use patron resources.

About Book Systems, Inc.:

Book Systems Inc. provides affordable feature-rich library software that delivers solutions to libraries of all sizes. Our software is suited to fit the needs of librarians in a technology driven world, while still being easy to learn and user-friendly. Atrium offers an easy-to-use circulation desk, quick cataloging, MARC editing, analysis, easy-to-create reports, theme choices, serials, acquisitions and textbook management. Our software provides more features and demands fewer resources. Book Systems is dedicated to quality and customer satisfaction, and has implemented library automation solutions in thousands of libraries around the world. The company's philosophy is very simple: create quality products; test them with input and direction from librarians in the field; and back them up with renowned customer service and support. Book Systems is a privately-owned company with its corporate headquarters located in Huntsville, Alabama, where NASA's space programs and other government technologies have created a vibrant environment of innovation.
