Atrium 6.0 “Librarian Desktop”

Book Systems is excited to announce the release to our valued customer - the latest in library automation with the introduction of our *Librarian Desktop* in Atrium 6.0. The Librarian Desktop gives our customers the ability to personalize your workspace and work-flows in Atrium. The Home Page supports a variety of widgets that contain information and tools to help you get your tasks done more efficiently, thus allowing you to spend more time with your patrons.

The following are just a few of the features the Librarian Desktop has to offer:

- * Flexible Interface and Design
- * Configurable Navigational Toolbar
- * Twitter and RSS Capabilities
- * Viewable Calendar, Librarian News & Messages, and Stats

Book Systems Inc. provides affordable feature-rich library software that delivers solutions to libraries of all sizes. Our software is suited to fit the needs of librarians in a technology driven world, while still being easy to learn and user-friendly. Atrium offers an easy-to-use circulation desk, quick cataloging, MARC editing, analysis, easy-to-create reports, theme choices, serials, acquisitions and Booktracks, textbook management software. Our software provides more features and demands fewer resources. Book Systems is dedicated to quality and customer satisfaction, and has implemented library automation solutions in thousands of libraries around the world. The company’s philosophy is very simple: create quality products; test them with input and direction from librarians in the field, and back them up with renowned customer service and support. Further information is available at www.booksys.com.
