Roosevelt IDS Purchases Booktracks, Textbook Management Solution

Book Systems, Inc. is proud to announce that Roosevelt IDS in Lubbock, Texas has purchased Booktracks to distribute and collect their textbooks. Roosevelt is composed of two schools: one secondary and one elementary school. Booktracks Textbook Management encourages accountability by all persons dealing with the textbooks.

Roosevelt believes that:

- Our curriculum and instructional program provides all learners with diverse educational opportunities that will prepare them to be successful, productive members of society
- Everyone serves as a role model for others
- Each person deserves to reach his/her fullest potential and to have options for his/her future
- All students will be challenged to embrace excellence, character, and wisdom in order to achieve their lifetime goals

Book Systems, Inc. provides affordable, feature-rich library and textbook management software that delivers solutions to libraries and schools of all sizes. Booktracks, our Web-based textbook management solution, was designed to protect one of the district's most valuable assets - textbooks. Our software is suited to fit the needs of the textbook coordinator in a technology-driven world, while still being easy to learn and user-friendly. Booktracks offers easy-to-use Self Check Out and Self Check In Stations, quick cataloging, standard and customizable reports, and more. Book Systems is dedicated to quality and customer satisfaction. The company's philosophy is very simple: create quality products; test them with input and direction from librarians and textbook coordinators in the field, and back them up with renowned customer service and support. Book Systems is a privately-owned company with its corporate headquarters located in Huntsville, Alabama, where NASA's space programs and other government technologies have created a vibrant environment of innovation. Further information is available at www.booksys.com and www.booktracks.net
